

ASHISH KUMAR

B. Tech CSE | Web Development | Full Stack Development | Python | JavaScript

Kanpur, Uttar Pradesh, India | +91 85459 34143 | 231309@kit.ac.in | linkedin.com/in/ashish-kumar-52507641b | github.com/ashish1492a

EDUCATION

B.Tech — Computer Science and Engineering - Kanpur Institute of Technology (AKTU) | CGPA-7.40 | 2023-2027

Class XII — CBSE - Army Public School, Kanpur | 76.2% 2023

Class X — CBSE - Army Public School, Kanpur | 85.8% 2021

TECHNICAL SKILLS

Web Development	HTML, HTML5, CSS, Tailwind CSS, JavaScript, Responsive Web Design, Frontend Development, Web Development Principles, Full Stack Development Fundamentals
Programming	Python, Java, C, C++
Database	SQL, Database Management Systems (DBMS), RDBMS
Software Development	Object-Oriented Programming (OOP), Data Structures & Algorithms, Software Engineering, Problem Solving, Debugging & Troubleshooting Fundamentals
Tools & Platforms	Git, GitHub, Linux
Additional	Generative AI, Prompt Engineering, Langchain, LLMs

INTERNSHIP EXPERIENCE

Front-End Development Intern - QSkill — Squarcell Resource India Pvt. Ltd. | Remote Aug 2026 – Present

- Working on practical frontend development tasks using HTML, CSS and JavaScript, focusing on responsive and user-friendly web interfaces. Applied web development principles through hands-on assignments, worked with structured layouts and frontend functionality, and strengthened problem-solving and debugging skills.

Python Development Intern - QSkill — Squarcell Resource India Pvt. Ltd. | Remote Aug 2026 – Present

- Worked on practical Python development assignments, applying programming fundamentals to hands-on tasks. Strengthened logical thinking, problem-solving and software development skills through practical coding activities.

Social Media Marketing Intern - Yatharth Sangam Foundation | NGO Sep 2025 – Nov 2025

- Supported social media marketing, digital outreach and content creation activities while collaborating with other interns as part of a team. Developed communication, coordination, time-management and problem-solving skills through practical organizational tasks.

PROJECT

BMW India Website | Individual Project

- Technologies Used:** HTML, CSS, JavaScript.
- Developed a responsive BMW-inspired website with structured pages, interactive elements and user-focused layouts.
- Implemented frontend functionality using HTML, CSS and JavaScript while maintaining organized and readable code.
- Tested website functionality and responsiveness during development and troubleshoot layout and interaction issues to improve the user experience.

TRAINING AND CERTIFICATIONS

Advanced Software Engineering Job Simulation – Walmart Global Tech Aug 2026

- Worked with data structures, Java, UML, database design, SQL, Python and software architecture through a simulated software engineering environment.

Google Gemini Certified Educator - Google Aug 2026

- Completed the Generative AI for Educators with Gemini assessment, demonstrating understanding of Generative AI, Gemini and AI-assisted productivity.

Cyber Job Simulation - Deloitte Aug 2026

- Analyzed web activity logs for suspicious activity and investigated a simulated data breach using log analysis and web security concepts.

RELEVANT COURSEWORK

Data Structures & Algorithms (DSA) | Object-Oriented Programming (OOP) | Design & Analysis of Algorithms (DAA) | Software Engineering | DBMS | RDBMS | Operating Systems | Computer Networks | Cloud Computing | Machine Learning Techniques

ACHIEVEMENTS & ACTIVITIES

- NCC Cadet — B & C Certificates:** Completed three consecutive years of NCC training through school and college, developing discipline, leadership, teamwork, communication and responsibility.
- Sports:** Participated in badminton and other sports (KSS), developing teamwork, sportsmanship, time management, adaptability, a competitive mindset and leadership through organizing and coordinating the Inter-house badminton competition in school.
